RE: Boston Harbor Islands Complex Resource Management Plan

Dear Interested Citizen or Stakeholder,

Last evening, the Department of Conservation and Recreation (DCR) held a public meeting at the 100 Cambridge Street in Boston to present information about DCR's resource management planning process for the Boston Harbor Islands Complex and to hear your questions, concerns, and ideas about recreation, stewardship of resources, and park facilities.

The presentation made by DCR at the public meeting may be viewed at <http://www.mass.gov/eea/agencies/dcr/public-outreach/public-meetings/>. Comments and suggestions received by DCR serve to highlight issues for our attention and are an important component of our planning process. We encourage all interested parties to view the presentation and to provide us with their input by January 9, 2015.

Comments should be sent by e-mail to DCR.Updates@state.ma.us (please note "Boston Harbor Islands" in the subject line) or by U. S. mail to the Office of Public Outreach, Department of Conservation and Recreation, 251 Causeway Street, Suite 900, Boston, MA 02114. Please note that public comments we receive via email or letter will be posted in their entirety to the DCR website, and that no content, including personal information, will be redacted.

We appreciate your continued interest and support as we move forward with efforts to enhance the recreational, natural, and cultural resources of the Boston Harbor Islands Complex so that future generations may enjoy the properties for years to come.

Sincerely,

John P. Murray
Commissioner
